Master in Medical Laboratory Technology

MMLT

The Master in Medical Laboratory Technology (MMLT) is a postgraduate program designed to provide advanced knowledge and skills in the field of medical laboratory science. This program prepares graduates for leadership roles in laboratory management, advanced diagnostic techniques, and research, equipping them to contribute significantly to healthcare and clinical diagnostics.The MMLT program typically spans two years, divided into four semesters, combining theoretical coursework with practical training and research.

About Us

Guru Nanak College is one among the leading Institutions of India, situated in the serene & academically vibrant city of Dehradun, has established itself as a prestigious centre of higher education since its inception under the aegis of NIMS, Dehradun, a leading educational group since 2009. The college has become a top college in the region because of its expertise in studies. It has gained recognition as one of the most prestigious college in Dehradun despite its short history.

Guru Nanak College's culture is deeply committed to nurturing the development of the next generation of Pharmaceutical professionals, Paramedics, & Nurses. This commitment goes beyond just teaching academic excellence. Through its diverse course offerings, it advocates for the belief that education is a crucial factor in personal & societal advancement.

Guru Nanak College's collaboration with Career Buddy Club (CBC) is a special feature that distinguishes it from other colleges. CBC is a Dubai-Based firm known for its extensive career guidance & mentoring. The college's commitment to career readiness has resulted in a remarkable job placement, rate of up to 100% for graduates due to this partnership. The collaborations with CBC India & CBC Dubai further expand employment possibilities. India Accelerator's partnership exemplifies the college's commitment to developing entrepreneurial talent among students, which can help transform innovative ideas into successful ventures.

Affiliation

The Master in Medical Laboratory Technology (MMLT) program is affiliated with HNB Uttarakhand Medical Education University (HNBUMU) and recognized by the Ministry of Human Resource Development (HRD), Government of India. This affiliation ensures that the program meets the standards set by relevant regulatory bodies, maintaining high educational quality. As a result, students are equipped with the advanced knowledge and skills necessary for successful careers in medical laboratory technology and healthcare diagnostics.

Career Opportunities

- **Medical Laboratory Manager:** Oversee the daily operations of a clinical laboratory, manage staff, ensure compliance with quality standards, and maintain laboratory accreditation.
- **Clinical Laboratory Scientist:** Perform complex laboratory tests, analyze results, and provide diagnostic information to healthcare providers, playing a crucial role in patient care.
- **Research Scientist:** Engage in research related to laboratory medicine, developing new diagnostic techniques, conducting clinical trials, and contributing to scientific publications.
- **Quality Assurance Officer:** Ensure that laboratory practices meet regulatory standards and quality benchmarks, focusing on patient safety, accuracy of results, and continuous improvement.
- **Educator/Trainer:** Teach and train future medical laboratory technology students in academic institutions or healthcare settings, sharing knowledge and practical skills.
- **Consultant:** Provide expertise to healthcare organizations on laboratory practices, quality control, regulatory compliance, and operational efficiency.
- **Molecular Biologist:** Specialize in molecular diagnostics, working with genetic testing, and advanced diagnostic technologies to improve disease detection and management.
- **Public Health Laboratory Scientist:** Work in public health settings to monitor and control diseases through laboratory testing, epidemiological studies, and community health initiatives.
- **Laboratory Information Systems Analyst:** Manage and optimize laboratory information systems, ensuring efficient data management, reporting, and compliance with healthcare regulations.

Research opportunities

- **Diagnostic Test Development:** Investigate the development and validation of new diagnostic tests and technologies, focusing on improving accuracy, speed, and cost-effectiveness.
- **Molecular Diagnostics:** Research advancements in molecular techniques, such as PCR and next-generation sequencing, to enhance the detection of infectious diseases and genetic disorders.
- **Quality Control and Assurance:** Study the effectiveness of quality control measures in laboratory settings, aiming to improve accuracy and reliability of test results.
- **Infection Control Practices:** Investigate the impact of various infection control protocols on reducing hospital-acquired infections and improving patient safety in laboratory environments.
- **Clinical Pathology Studies:** Conduct research on the correlation between laboratory findings and clinical outcomes, contributing to evidence-based practices in patient management.
- **Public Health Research:** Explore the role of laboratory medicine in public health initiatives, including disease surveillance, outbreak investigations, and epidemiological studies.
- **Laboratory Management Practices:** Study the effectiveness of different management strategies in clinical laboratories, focusing on operational efficiency, staff training, and resource allocation.
- **Patient-Centered Laboratory Services:** Research ways to enhance patient experience and satisfaction in laboratory services, including communication, accessibility, and turnaround times for test results.
- **Emerging Infectious Diseases:** Investigate laboratory responses to emerging infectious diseases, including the development of rapid testing methods and public health preparedness.
- **Telemedicine and Laboratory Services:** Explore the integration of telemedicine with laboratory services, assessing the impact on patient access to care and diagnostic efficiency.

WHY
POWER DEGREE

POWER DEGREE

Power Degree, by CBC, is a Job Guarantee Program designed to train fresh graduates to the highest industry standards. Through partnerships with leading industry players, we provide job assurance, and this program can be seamlessly integrated with any degree.

- Your Gateway to Success: Join the ranks of our successful graduates who have conquered the job market with a 100% placement rate. Your journey to a secure future begins here.
- Tailored to Triumph: Our program is designed to meet market demands, making you an asset in any industry. Embrace an education that's not just theoretical, but it's transformative.
- Invest in Your Future: Make a decision that counts. With the Job Guarantee Degree Program at CBC, you're not just gaining a degree; you're securing a career.
- Ongoing Alumni Assistance: Beyond graduation, our robust alumni network and career services will guide your continuous growth.
- Don't let uncertainty define your journey. Choose CBC's Job Guarantee Degree Program and carve your path toward a future filled with promise and prosperity.
- Explore the Unmatched Benefits of Our Program!

- 4 Industry Integrated Certifications
- 60+ hrs Personalized Mentorship
- Fresher focused Job Portal
- Pre Employment Training
- 200+ Skill Assessment Tests
- 4-6 Months On Job Training
- Gain insightful industry experience from 50+ Industry Experts
- 50+ Job Interviews
- Become Job-Ready

Eligibility

Master in Medical Laboratory Technology

MMLT

Eligibility Criteria

Educational Qualification

- Have a Bachelor of Medical Laboratory Technology (BMLT) degree from a recognized university.
- Have a minimum aggregate score of 50% in BMLT

FEE STRUCTURE FOR ACADEMIC SESSION 2026-27

COURSE : Master in Medical Laboratory Technology (MMLT)

DURATION : 2 years

AFFILIATED FROM: HNB Uttarakhand Medical Education University

	I Year	2 Year
Registration Fee	1200	-
Admission Charges	8000	-
Tuition Fee	55,000	55,000
Lab, Library, Medical Consultation & Ambulance Service	4800	4800
ERP Membership	1500	1500
Total	70,500	61,300
