Master of Science in Microbiology

The Master of Science in Microbiology (M.Sc. Microbiology) is an undergraduate program that focuses on the study of Microorganisms, including Bacteria, Viruses, Fungi, and Protozoa. This program provides students with a comprehensive understanding of Microbial Biology, their roles in Health, Disease, and the Environment, as well as their applications in various industries. The M.Sc. Microbiology program typically spans three years, divided into Four Semesters, combining theoretical coursework with Practical Laboratory Training.

About Us

BFIT is one of the colleges under Guru Nanak Group of Colleges & is one among the leading Institutions of India, situated in the serene and academically vibrant city of Dehradun, has established itself as a prestigious centre of higher education since 2002. The college has become a top college in the region because of its expertise in studies. It has gained recognition as one of the most prestigious college in Dehradun despite its short history.

Baba Farid Institute of Technology (BFIT) culture is deeply committed to nurturing the development of the next generation of Microbiologist, Pharmaceutical professionals, Paramedics, Nurses. This commitment goes beyond just teaching academic excellence. Through its diverse course offerings, it advocates for the belief that education is a crucial factor in personal & societal advancement.

Baba Farid Institute of Technology collaboration with Career Buddy Club (CBC) is a special feature that distinguishes it from other colleges. CBC is a Dubai-Based firm known for its extensive career guidance & mentoring. The college's commitment to career readiness has resulted in a remarkable job placement, rate of up to 100% for graduates due to this partnership. The collaborations with CBC India & CBC Dubai further expand employment possibilities. India Accelerator's partnership exemplifies the college's commitment to developing entrepreneurial talent among students, which can help transform innovative ideas into successful ventures.

Affiliation

The Master of Science in Microbiology (M.Sc. Microbiology) program in Baba Farid Institute of Technology (BFIT) is affiliated with Hemwati Nandan Bahuguna Garhwal University (HNBGU), ensuring high educational standards and a strong foundation in Micbiology for students pursuing careers in Microbiology related fields.

Career Opportunities

- **Microbiologist:** Conduct research and analysis on microorganisms in laboratories, focusing on their roles in health, disease, and the environment.
- **Clinical Microbiologist:** Work in healthcare settings to diagnose infections by analyzing clinical samples and identifying pathogens.
- **Quality Control Analyst:** Ensure the safety and quality of products in the pharmaceutical, food, and beverage industries by testing for microbial contamination.
- **Environmental Microbiologist:** Study microorganisms in natural environments, focusing on their impact on ecosystems and bioremediation efforts.
- **Research Scientist:** Engage in research projects in academic or industrial settings, contributing to advancements in microbiology and biotechnology.
- **Biotechnologist:** Apply microbiological knowledge in biotechnology industries, focusing on the development of products and processes.
- **Pharmaceutical Sales Representative:** Promote and sell pharmaceutical products related to microbiology in healthcare settings.
- **Laboratory Technician:** Assist in laboratory operations, performing tests and analyses under the supervision of senior scientists.
- **Food Microbiologist:** Work in the food industry to ensure food safety and quality by testing for microbial contamination and developing preservation methods.
- **Public Health Microbiologist:** Work with government agencies or NGOs to monitor and control infectious diseases and promote public health initiatives.

Research opportunities

- **Antibiotic Resistance:** Investigate the mechanisms of antibiotic resistance in bacteria and explore potential solutions to combat resistant strains.
- **Pathogen Characterization:** Study the characteristics, transmission, and virulence factors of pathogenic microorganisms, including bacteria, viruses, and fungi.
- **Microbial Ecology:** Research the roles of microorganisms in various ecosystems, including soil, water, and human microbiomes, and their impact on environmental health.
- **Vaccine Development:** Engage in research focused on the development and testing of vaccines for infectious diseases.
- **Bioremediation:** Explore the use of microorganisms in the cleanup of contaminated environments, such as oil spills or heavy metal pollution.
- **Food Microbiology:** Study the role of microorganisms in food safety, spoilage, and fermentation processes, and develop methods to enhance food preservation.
- **Clinical Microbiology:** Conduct research on the diagnosis and treatment of infectious diseases, including the development of rapid diagnostic tests.
- **Biotechnology Applications:** Investigate the use of microorganisms in biotechnology for the production of enzymes, biofuels, and other valuable products.
- **Immunology:** Research the interactions between microorganisms and the immune system, focusing on how pathogens evade immune responses.
- **Public Health Microbiology:** Study the epidemiology of infectious diseases and the effectiveness of public health interventions in controlling outbreaks.

WHY
POWER DEGREE

POWER DEGREE

Power Degree, by CBC, is a Job Guarantee Program designed to train fresh graduates to the highest industry standards. Through partnerships with leading industry players, we provide job assurance, and this program can be seamlessly integrated with any degree.

- Your Gateway to Success: Join the ranks of our successful graduates who have conquered the job market with a 100% placement rate. Your journey to a secure future begins here.
- Tailored to Triumph: Our program is designed to meet market demands, making you an asset in any industry. Embrace an education that's not just theoretical, but it's transformative.
- Invest in Your Future: Make a decision that counts. With the Job Guarantee Degree Program at CBC, you're not just gaining a degree; you're securing a career.
- Ongoing Alumni Assistance: Beyond graduation, our robust alumni network and career services will guide your continuous growth.
- Don't let uncertainty define your journey. Choose CBC's Job Guarantee Degree Program and carve your path toward a future filled with promise and prosperity.
- Explore the Unmatched Benefits of Our Program!

- 4 Industry Integrated Certifications
- 60+ hrs Personalized Mentorship
- Fresher focused Job Portal
- Pre Employment Training
- 200+ Skill Assessment Tests
- 4-6 Months On Job Training
- Gain insightful industry experience from 50+ Microbiology Industry Experts
- 50+ Job Interviews
- Become Job-Ready

Eligibility

Master of Science in Microbiology

M.Sc. Microbiology

Eligibility Criteria

- B.Sc. (Botany, Chemistry, Zoology) with 45% for GEN/OBC/EWS and for SC/ST as per University rules.

FEE STRUCTURE FOR ACADEMIC SESSION 2026-27

COURSE : Master of Science in Microbiology

DURATION : 2 Years

AFFILIATED FROM: Hemwati Nandan Bahuguna Garhwal University (HNBGU)

	I Year	II Year
Registration Fee	1200	-
Admission Charges	8000	-
Tuition Fee	55,000	55,000
Lab, Library, Medical Consultation & Ambulance Service	4800	4800
ERP Membership	1500	1500
Total	70,500	61,300
